

Venturing & Investment Group Executive Profiles

Annette Nabavi – Annette has held a number of senior management positions in investment banking with ING Barings, in consultancy with the PA Consulting Group and in general management, principally in the telecoms and IT industries. She is an expert in corporate strategy and planning and in financing and growth strategies, currently mainly focused on small high growth businesses. She was a founding director of XchangePoint Holdings Ltd, a company running an Internet Interconnect Platform in the London Docklands. She has in-depth Corporate Finance experience with a track record of successful acquisitions and fund raisings.

Troels Jordansen - In the last 20 years, Troels has built global experience and network in the medical field, worked predominantly in commercial roles ranging from Product Manager for a large blue chip multinationals to Managing Director for a public listed start-up companies company. Over the last 8 years Troels has raised in excess of EUR 120 million and has two international management and marketing degrees.

Robin Pakenham - Robin is an experienced investor and has a successful record of investing and managing private equity for a leading UK and European investment house. A Chartered Accountant working in and around the City for nearly 20 years as a principal in Private Equity and Venture Capital and a corporate financier. He has had exposure to a diverse range of industry sectors and has developed multi disciplined experience across business sectors and issues.

Hugh Parnell - Hugh has had a very diverse career centred around financial management. He joined NW Brown Group in 2000 to head up the corporate finance activity developing it into a team managing and investing into early stage companies, surrounding the business angel activity of the Great Eastern Investment Forum with 5 funds amounting to £40m. Privately Hugh is engaged in a wide range of other activities, mostly revolving around building a more effective commercial community for the environmental solutions cleantech companies in the east of England.

Stewart Niblock - Stewart has spent most of the last 8 years developing, launching, managing and growing innovative branded ventures across a diverse range of sectors and markets. Stewart currently advises a number of corporate and independent groups on venturing, brand extension, organic startups and rapid growth scenarios. He has worked with major clients including Rolls Royce, Hertz, BT and Masterfoods, and has experience in aviation, automotive, financial services, leisure & entertainment, telecomms and on-line portals. Stewart previously worked as Head of New Projects at easyGroup, where he was responsible for many of the earlier brand extensions under the “easy” umbrella.
